

Supported Lives Win Big Award

Supported Lives have won a major award!. It is the 'Ready Stead Go' award and is given to social enterprises that have made an impact in their first year of existence. The award is for organisations across West Yorkshire and was presented by Business Link and the West Yorkshire Social Enterprise Link in a special ceremony on Monday 24th October.

As part of the award ceremony a film crew made a short film about our work, to show the audience.

Sadly we didn't get any money with the award. However, it is still nice to have our achievements recognised in this way. (I tried not to cry when I made my acceptance speech!)

Sadly the award ceremony was the night before our inspection by the Commission for Social Care and Inspection, so we weren't able to have too good a time!
